Portfolio

Laravel developer based in Gujrat, Pakistan. I turn messy business workflows into fast, reliable web apps, from multi-tenant SaaS platforms to the APIs behind them.

SKILLS & TOOLS

Skills: Laravel & PHP, Vue.js & Inertia.js, Livewire & Alpine.js, MySQL & Eloquent, REST APIs & Sanctum, Git & deployment

Tools: Laravel, PHP, Vue.js, Inertia.js, Livewire, Alpine.js, Tailwind CSS, MySQL, REST APIs, Sanctum, Git, Linux

SERVICES

Web Application Development · API Development · SaaS & Multi-Tenancy · Frontend Interfaces · Real-Time Features · Deployment & Support

EXPERIENCE

Laravel Developer 2026 — Present

Building Laravel applications with Vue.js, Livewire, and Inertia.js — from database design through REST APIs to deployment.

Backend Development Intern Apr — Jul 2026

Three months learning production Laravel — reading an existing codebase, writing migrations and endpoints, and shipping changes through team review.

PROJECTS

Travel Agency Management System Client work · 2026

Bookings, customers, visas, and payments in one place, with separate access for agents and admins and live updates with Livewire.

Multi-Tenant POS System SaaS · 2026

A point-of-sale platform where each business has its own space, with multi-branch stock, checkout, and sales reports.

Multi-Tenant Restaurant Management System SaaS · 2026

Menus, tables, kitchen orders, and billing for many restaurants on one platform.

Multi-Tenant Marquee Management System SaaS · 2026

Event and booking management for marquees and banquet halls, with calendars, packages, and advance payments.

Unit Converter Website Public product · 2026

A fast, clean converter for length, weight, temperature and more, with instant results as you type and SEO-friendly pages per unit.

EDUCATION

Computer Science 2025 — Present

Virtual University of Pakistan

Studying alongside full-time backend work.

Intermediate, Computer Science

2023 — 2025

Govt Science College, Gujrat

Where the programming started — core PHP, and the first databases worth the name.

Matriculation, Computer Science

2021 — 2023

Govt Public High School No. 2, Gujrat

Computer science stream.
